

Dear Cllr

I am a constituent from < > . You may be aware through engagement with your constituents, social media and Press of the growing concerns around future plans for Corpus Christi Parish Hall, Homefarm Road, Drumcondra, Dublin 9. As you are aware the Dublin City Council Development Plan 2022-28 is currently in draft and to this end a significant no. of submissions by residents of Drumcondra have been made to Dublin City Council in respect of the re-zoning of the Parish Hall to Z15 – Community and Amenity. The reason these submissions have been made is to help safeguard the hall for future community use. The current status of the hall is Zone 1 – Housing and Residential.

To safeguard the future of the Hall, the following amendments have been requested to be made to the City Development Plan and are relevant to Chapter 14 – Land Use:

- 1) That it be expressly clarified within all maps and text of the City Development Plan that Z15 Community and Social Infrastructure zoning applies to ***the Corpus Christi Parochial Hall building and its frontage consisting of parking and side/front gardens. The building is*** located on Home Farm Road, Dublin 9.
- 2) That it is an express objective of the City Development plan to **protect and retain the Corpus Christi Parochial Hall as an important and necessary community amenity in Drumcondra.**

I would urge therefore that you support the requested amendments to the City Development Plan and encourage your party colleagues to do same. Corpus Christi Parish Hall is a vital resource for both Corpus Christi Girls National School and the Community and it is of the utmost importance that it be kept as such in our community.

Below is an extract from the proposed Development Plan which maps out the zoning status of the Hall with yellow indicating Housing and Residential.

Kind Regards
